

Backup like a pro with SOHORAID SR3610. The only data backup solution you'll ever need.

Backup using RAID 1 mirroring technology.

The SOHORAID SR3610 utilizes two hard drives plus RAID 1 hardware technology to consistently synchronize the drives to the same without manual operations. Simply store your data into the SOHORAID and let it do the rest.

Monitor everything with a glance.

Monitor the SR3610 for problems including drive or fan failures, overheat warnings as well as data rebuilding statuses, etc. via the user-friendly frontal LCD display. Know everything with one quick glance.

Auto rebuilding of data.

When replacing a new drive is required, simply insert a new drive as it will synchronize itself to the good drive and your data will be automatically rebuilt to the new drive. No manual "cut and paste" will be required.

Optional RAID 0 technology to enhance speed.

If speed performance is what you're looking for, then the SR3610 provides an optional RAID 0 to enhance the transfer speed while storing. It combines the capacity of two drives to create one large volume drive for even greater amount of storage.

Supports high capacity hard drives.

SOHORAID SR3610 supports high capacity drives up to 1 Terabyte per drive slot, giving you one terabyte for storage and the other as backup. With RAID 0, you'll have 2 Terabytes of space total!

Secure with confidence, Remove with ease.

Equipped with removable hard drive trays, removing a drive would be absolutely hassle-free! Each tray is equipped with a locking mechanism to securely lock the drive into place and avoid accidental removals in keeping your drives and data safe.

Model No.	SR3610-2S-WBC	SR3610-2S-SB2
Host Connection	Firewire 800 + USB2.0	eSATA +USB2.0
Supported Drive	2 x SATA 3Gb/sec.	2 x SATA 3Gb/sec.
Supported Mode	RAID 1 or RAID 0	RAID 1 or RAID 0
Cooling	1 x Low-noise Fan	1 x Low-noise fan
LCD Status Display	Yes	Yes
